Dear Fellow-Members:

Because we want you to be more familiar with the various aspects of the work of the Anti-Defamation League, we are presenting herewith for your consideration a few samples of some of the types of material distributed by the ADL. We recommend that not only you personally read these items, but also that you assist in our work of having the contents called to the attention of other persons who might be particularly helpful.

You understand, of course, that each piece was prepared for a definite purpose and to meet some specific problem or to develop the views of concrete groups. Supplies of all of our material are available for distribution.

In these uncertain times when anti-Semitism is in constant evidence, the assistance of every person is needed more than ever before. B'nai B'rith members above all others should show leadership in providing the cooperation requisite for the insuring of the preservation of democratic ideals. They should be responsible for taking care of all incidents within their respective communities and in helping to revitalize the attitude of Jew and non-Jew alike toward our American Way.

This office, which is concerned with the welfare of the entire Eastern Region, bespeaks your active aid. Report all developments to it, and it in turn stands ready to give you every possible assistance requested. Through such mutual cooperation, we shall continue to contribute fully to the betterment, security and peace of the United States and Canada.

Sincerely and fraternally yours,

*Leonard V. Finder*
